Why the Arts?

▶ The arts speak their own language, conveying meanings beyond the power of words to express. They are, many educators believe, separate forms of intelligence and ways of knowing-unique and important literacy. To be able to interpret the meanings of art is to expand one's capacity to intuit, to reason, to make connections, to imagine- that is, to think creatively.

– Getty Museum Arts Education Program

Why the Arts?

◊ In 1981, a survey by the California State Department of Education revealed that 40% of the Westinghouse Science Talent Search winners were accomplished musicians.

Why the Arts ?

- The arts provide a reason, sometimes the only reason, for students who have been disengaged from school and other community organizations to become active and involved.

– *California Assembly of Local Arts Agencies*

Why the Arts ?

- ▷ The arts develop essential skills including risk-taking, team-problem solving, out-of-the-box thinking, creativity, perception and imagination.

– *California Arts Council*

Why the Arts ?

In classrooms across the nation, experience has repeatedly demonstrated that when the arts are taught in a comprehensive program they are also a medium for developing cognitive skills that carry over into other areas. These include the abilities to see clearly, analyze, reflect, make judgements, and link information from diverse sources to generate new ideas- in other words, to think holistically. They are the same qualities embodied in the broader goals of educational reform, and they are exactly the attributes that children will need to succeed in the 21st century.

Dear Friends,

It has been a dream of mine to bring Contemporary Jazz, also known as Smooth Jazz, to Lodi. Smooth Jazz has established itself throughout the state as the "hot ticket" attraction of many nightspots. It is of little surprise that Lodi is no stranger to the Jazz scene, as we proved ourselves with the success of the "Night Time Live" jazz series here at Hutchins Street Square.

Now, the Lodi Arts Commission and myself are proud to present to you the same caliber of Contemporary Jazz with our new "Smooth Jazz" series. Think of it as "Night Time Live" with a twist. In its debut last year, "Smooth Jazz" played to great reviews and audiences. We want to surpass ourselves this year, as we bring to you another round of talented "rising stars" from the Jazz world. This dynamic form of music is bound to rise your spirits.

I would also like to express a sincere word of gratitude to Mombo and Kim Hernandez for making this dream a reality. Without their hard work and experience, this series would not be possible.

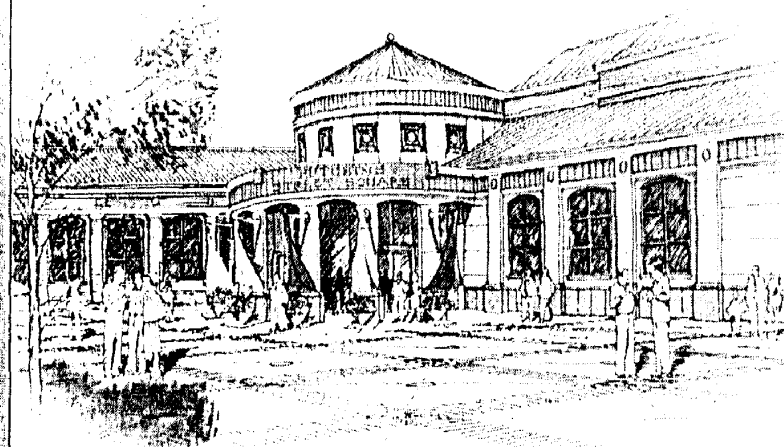

On behalf of the Lodi Arts Commission and myself, I would like to thank you, and our sponsors, for your continued support in bringing new programs to our community. Remember to keep "groovin' to the beat" in Lodi.

An evening with Denny Jiosa is a not-to-be-missed event filled with musical virtuosity, soaring guitar solos, memorable melodies and pure entertainment.

Children's Summer Theatre Workshop

This seven week intensive summer theatre workshop welcomes youth into the richly rewarding world of live theatre. Because this is a workshop setting there are no auditions held and the first 50 kids registered are taken into the program.

This summer's show, yet to be announced, will be brought to life by two casts of 25 youngsters between the ages of 8-16.

Performance dates are set for August 10th-12th each cast performing two shows a piece.

Last year's production of Charlie and the Chocolate Factory brought down the house with rave reviews and unprecedented attendance. To sign up to receive a registration packet call the Lodi Arts Commission office at 367-5442.
